

EMPLOYMENT

ServerCentral Turing Group

Front End Web Developer

Chicago, IL

01/2018 – present

- Develop, test and maintain complex, highly-visual web applications in an Agile/Scrum environment
- Enhance development workflows and application architecture; vet and incorporate new tools and libraries
- Collaborate with my team on app architecture, API design, wireframes, sprint planning, internal processes, etc.
- Spearheaded a greenfield React Native tablet application for warehouse employees
- Contribute to internal applications, customer-facing portal and greenfield client software projects
- Stack: React, Redux, Node, Bootstrap, Webpack, Cypress (Mocha/Chai), GitHub, Agile/Scrum

Brownson, Rehms & Foxworth, Financial & Investment Advisors

Associate

Chicago, IL

07/2017 – 12/2017

Analyst

06/2015 – 07/2017

- Built and maintained complex Excel spreadsheets that required sound architecture and data management
- Fostered client relationships through effective communication with clients, external professionals and my team
- Utilized my mornings, nights and weekends to learn and gain experience in web development
- Became a CERTIFIED FINANCIAL PLANNER™ professional

SKILLS & EXPERIENCE

- React, Redux, React Native, Node.js, Express, Hapi.js, MongoDB, Cypress, Mocha, Chai
- JavaScript, ES6, Async/Await, HTML, CSS, jQuery, Bootstrap, Webpack
- RESTful APIs, Responsive Design, Git/GitHub/Bitbucket, AWS (minimal), Scrum/Agile

PORTFOLIO

- **MovieMedium.io** – A game where you predict the Rotten Tomatoes scores of upcoming movies. Play with friends on GroupMe or coworkers in Slack (available in the Slack app marketplace).
- **react-simple-storage** – Open-source component and helper functions for syncing web storage with React.
- **DepChecker.com** – Generate an npm dependency report from a package.json file and export it to CSV.
- **Newsbie.io** – Explore aggregated and analyzed news data from a diverse range of sources
- **TheDailyGray.com** – Explore political news & opinions using a custom grid system; Left-right political spectrum on the x-axis, subjectivity spectrum on the y-axis. Fully customizable and responsive
- **Popular tutorials I've written**
 - "Redux-Saga tutorial for beginners and dog lovers" *Published in Hacker Noon*
 - "How to take advantage of Local Storage in your React projects" *Published in Hacker Noon*

EDUCATION

University of Michigan, College of Literature, Science & the Arts

BA in Economics and BA in German

Ann Arbor, MI

Fall 2011 – Spring 2015

- GPA: 3.88/4.0; Graduated with High Distinction
